Let’s build it better

For the Public Sector, getting construction projects off the ground can be challenging and time consuming.

At Pagabo, we aim to make it quicker, simpler and more effective.

Organisations right across the UK are taking advantage of our unique approach to Public Sector procurement, from NHS Trusts and Education bodies to Local Authorities.

Our Framework for Professional Services in Construction & Premises connects you to a range of quality consultants and construction service professionals to help you plan, develop and deliver your next project. It’s free to access, easy to use and fully compliant with all UK and EU procurement law.

This user guide provides all the information you need to get started, including which consultants are available within each region.

- Framework for Total Car Park Solutions
- Framework for Refit & Refurbishment Solutions
- Wide range of Goods & Services Frameworks

To find out more about any of our frameworks, please give us a call on 01482 975883.
Why choose a Pagabo framework?

We’re a different kind of framework provider. With over 50 years’ experience in public sector procurement, we understand your challenges and work to deliver the most value possible from your projects.

3 reasons we're different:

1. **We deliver**: We won’t let you down when it comes to delivering the number of bids your project needs. We work closely with the consultants to make sure it happens.

2. **No project, no fee**: We don’t believe in engagement fees. We share the risk in the early stages of the process by only charging fees once your project officially starts.

3. **Your contract, your way**: Our frameworks are compatible with any contract type, whether its NEC, JCT or your own organisations.

Some other key benefits of using Pagabo:

- **Simplicity**
  We take the complication out of procurement, so all our frameworks are free to access and easy to use.

- **Transparency**
  We don’t hide costs. Our fees are fully transparent and charged as an agreed percentage of the overall project.

- **Flexibility**
  Whether it’s a Direct Award or Further Competition, our frameworks support a range of procurement processes.

- **Support**
  We provide support and advice throughout your project, from Expression of Interest through to completion.

- **Stability**
  We monitor the financial stability of our consultants to ensure they continue to be a safe pair of hands for your project.

- **Value for Money**
  Each of our consultants has met rigorous selection criteria around quality of work and competitive pricing.
Delivering real social value

Driving real, meaningful social value is at the heart of what we do at Pagabo. Through our unique Social Value Calculator, we are able to calculate your social, economic and environmental impact and the financial value, in real monetary terms, of that impact. Pagabo adds value through our frameworks by supporting social value at the feasibility, business case development, planning, procurement, delivery and maintenance stages of your investments.

As of March 2019, our frameworks enabled £1.34 billion in social value.

And, as part of our ongoing account management support, we can provide you with all the information and tools you need to report on the social value impact of your project.

To find out more about our social value approach please visit www.pagabo.co.uk/social-value
End-to-end support throughout the life of your contract

Our job doesn’t stop when you have chosen a framework. We work closely with you throughout the life of the project, providing support and guidance to make sure that you get the most value from your contract.

The assistance we provide:

- Project Feasibility Assessment
- Procurement Advice
- Early Consultant Engagement
- Documentation Preparation
- Tender Process Management
- Tender Evaluation Facilitation
- Consultant On-Boarding
- Establishing Pre-Construction Services Agreement
- KPIs Management & Evaluation
- Consultant Relationship Management
Appointing your supplier

Whether it’s a Direct Award or Further Competition (FC), our frameworks make appointing a supplier easier and more effective.

Throughout the process, we help co-ordinate the appointment on your behalf, liaising with you, the contracting authority and the consultants.

Client Access Agreement (CAA) – Review, sign and return the CAA (available from pagabo.co.uk)

Lot 1 can be used to procure all services within the framework agreement (lots 2-15) as either single or multi-discipline appointments.

There are two routes to appoint individual services via lots 2-15. In the event of five or more services, this defaults to lot 1.

DIRECT AWARD (FAITHFUL + GOULD)

Quality & Price Checks
We will supply consultant documentation, including tendered day rates and quality score.

Early engagement
Notify Faithful+Gould, with requirements, to enable proposal to be formulated.

Proposal
Faithful+Gould will work with you to determine the scope of services required and agree the commission.

Framework Terms and Conditions
Development of Order Form and Call Off Contract – to incorporate the scope of service, price and programme.

FURTHER COMPETITION

Expression of Interest (EOI)
An EOI is the recommended route for early engagement with our trusted consultants and will indicate:
• When your procurement will take place
• When the services and / or goods are required
• Estimated project value and scope

Further Competition (FC)
A FC can be issued to all prospective consultants within the relevant Lot and Region.
• We will provide documentation which will include sufficient detail to enable consultants to prepare an accurate tender
• FC documents will then be prepared and submitted by the relevant consultants
• Submitted FC documentation will then be assessed and compared against a pre-determined evaluation model

Evaluation
We will provide spreadsheets to assist with the evaluation of the FC documents from consultants.

DIRECT AWARD

Consultant Identified
Scope and services to be discussed.

Quality and Price Checks
We will supply consultant documentation, including tendered day rate and quality score.

Consultant Selected
Scope and services to be agreed.

Framework Terms & Conditions
Development of Order Form and Call Off Contract – to incorporate the scope of service, price and programme.

CONTRACT AWARDED
National Framework for Professional Services in Construction & Premises

£Unrestricted

OJEU Reference: 2016 / S 104-186539

Dependable expertise for every project

Quickly and easily procure the right consultants and professional services for your next construction or development project, with our National Framework for Professional Services in Construction and Premises.

With no minimum or maximum project value restrictions, the framework provides simple, flexible and transparent access to 52 carefully selected providers, split across 15 different lots and 6 regional areas.

Either appoint a single national provider using Lot 1, or individually through Lots 2-15.

“The National Framework for Professional Services in Construction and Premises provides Pick Everard and our supply partners with a flexible yet robust procurement route for our clients to appoint us to deliver a wide range of consultancy services.”

Alex Hamilton-Jordan, Head of Strategic Partnerships, Pick Everard

“The Pagabo Professional Services Framework has become an industry recognised procurement solution for the Public Sector and continues to go from strength to strength. Faithful+Gould are proud to be associated with such a successful framework and we look forward to continuing to utilise it to support our growing number of Public Sector clients.”

Ian Plant, Framework Director, Faithful+Gould
Framework facts
